

Marco Yang

510-738-8001 · myang2@caltech.edu · linkedin/marco-yang-17189a203 · github/marco · marcoya.ng

education

California Institute of Technology

B.S. Computer Science · GPA 3.91 · Pasadena, CA

Mar 2027

skills

LanguagesC, C++, Java, Go, Python, TypeScript

ML & AIPyTorch, Agentic Frameworks, Computer Vision, Generative AI, Reinforcement Learning

SystemsCUDA, Linux, Git, Shell

experience

Software Engineering Intern · Two Sigma

• Related to debugging simulations.

Jun 2026 – Aug 2026

Software Engineer Intern · Glean

• AI Team at enterprise search and assistant startup.

• Built and deployed LLM-as-a-judge evaluations and automated evalset pipelines for agents.

• Shipped automated prompt optimization for Glean Agent Builder.

• Misc. features and bug fixes in Go agent backend.

Jun 2025 – Sep 2025

Teaching Assistant · Intro to Software Design in C

• Guided projects building a physics engine with collision and SDL graphics, and video game.

Spring 2025

Summer Undergraduate Research Fellow · Caltech Vision (Perona) Lab

• Cross-domain video action recognition with generative diffusion models.

• Extracted cross-attention maps from UNet in Stable Diffusion and Modelscope.

• Implemented LSTM, 3D CNN, Transformer classification heads on top of diffusion features.

Jun 2024 – Aug 2024

projects

CUDA Qwen3.5 Inference

• CUDA autoregressive inference engine for Qwen3.5 with single-token prediction.

• Flash attention and Gated DeltaNet linear-attention kernels.

github

Catan RL Bot

• RL bot for Settlers of Catan trained with DAgger, PPO, and AlphaZero (WIP).

• 70% win rate vs Catanatron baseline bots.

github

Caltech RAG

• LLM RAG app as unified interface for Caltech course reviews and catalogs.

• Flask, LangChain, LangGraph, Qdrant.

github · demo archived

relevant coursework

Data Structures, Algorithms, Advanced Machine Learning, Large Language and Vision Models, GPU Programming, Computing Systems, Networks, Relational Databases, Applied Linear Algebra, Statistical Inference, Information Theory

honors & accolades

William Lowell Putnam Top 1000 · 19 pts

USACO Gold Division

AMC / AIME 3× qualifier

Dec 2023

Feb 2021

Nov 2021

fun facts

Caltech tennis team member. Formerly assistant program director for ACEing Autism (Caltech branch). Biked from Denver to NYC.
